DEDICATION

This work dedicated to my dearest and compassionate mother in person of Hajiya Aishatu Hussaini Babanna and to my loving industrious father Engr. Hussaini Bananna, who had been instrumental to my entire academic pursuit.

ACKNOWLEDGEMENT

First, I want to thank the Almighty Allah, The Omnipotent, who gave me good health and life to successfully wade through this most turbulent and vast academic ocean, finishing for B. Tech.

With due respect and humility, I wish to acknowledge the patient, useful advice of the able supervisor, Mrs. Chuks – Ibe Prisca Oluchi her dedication to duty and readiness to help and guide. As well as my head of the department in person of Dr. Philip Usman Akor, who deserve special commendation for his intelligent comments, I also specially thank my entire lectures in school of information and communication Technology.

My unreserved gratitude goes to my parents, Engr Hussaini Babanna and Hajiya Aishatu Hussaini Babanna who gives me the focus in life and from in infancy, trained my feet to always pick the right path. Your provision, sacrifices and constant prayers, have been my guiding light.

My sincere thanks goes to my brothers and sisters. Shuaib Hussaini, Fatima Hussaini, Amina Hussaini, Abdullahi Hussaini, Mahmud Hussaini, Ahmed Bashehu Hussaini, Muhammed Baba Hussaini, Umar Babaminna Hussaini, Ummi Hussaini, Hamisu Muhammed Hussaini, Ibrahim Hussaini, Hadiza Hussaini, Hassana Hussaini, late Hussaina Hussaini, Mustapha Usman, Ahmed Muhammed. I am highly indebted to

you all for the strong support given to me in the course of my academic pursuit, your financial, moral, and material contributions.

I must not forget to acknowledge the entire staff of Library and Information Technology(LIT) in particularly in person of Dr. Philip Usman Akor. This acknowledgement is also incomplete without mentioning and thanking my intimate and good friends, and all others friends. Aminu Idris, Minister Panti, Shebe Muhammed, Yakubu Mamma, Abdullahi Bologi Muhammed. For their cordial support and encouragement and also my school friends and course mates.

ABSTRACT

The study was carried out to examine the availability and utilization of ICT facilities in higher institutions. The study focused on determining the extent to which ICT facilities are provided and the level of utilization of the facilities in the Federal University of Technology (FUT) Minna and the Niger State College of Education (COE) Minna. A survey research design was used to carry out the study on 100 respondents from the two institutions selected. A questionnaire instrument was designed and administered to the sampled population to collect relevant data for the study. The data collected from the questionnaire administered were analyzed using frequency & simple percentage and interpreted where relevant findings were made. Relevant recommendations were made in order to find solutions to the problems identified from the study.
